Fratello Inc. understands and accepts that the SCA is applicable to this contract as it applies to the entire Professional Engineering Services Schedule and all services provided. The Service Contract Act (SCA) is applicable to this contract as it applies to the entire Schedule and all services provided. While no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCA eligible labor categories. If and / or when the contractor adds SCA labor categories / employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.

Fratello Inc.'s engineering expertise includes over 40 years experience in the unmanned air vehicle arena – spanning large (USAF RQ-4 “Global Hawk”) and small (hand-launched, short range) vehicles. Most of that experience has been associated with research and development, operational mission support, and flight test activity. Fratello Inc. has particular expertise with unmanned air vehicle design, development, avionics, telemetry and instrumentation, RF and FTS systems, and all aspects of flight test and operations. Contract experience has been with NASA and private DoD contractors.

Don't hesitate to contact us if you have any questions.
